

# PRODUCT SPECIFICATION

**RFA915-5S-45** UHF 超高频天线适用在超高频 RFID 终端场合，可以方便地应用在物流、门禁、零售、仓储等场合适用。具有窄波束、定向性、性能稳定、易于安装、调试、维护等特点。

**RFA915-5S-45**UHF antenna is suitable for UHF RFID terminals, and can be easily used in logistics, access control, retail, warehousing and other occasions. It has the characteristics of narrow beam, directivity, stable performance, easy installation, debugging and maintenance.

## Electrical Specifications

Model	RFA915-5S-45
Frequency Range(MHz)	920-925MHz
Gain	$\geq 5$ dBi
VSWR	$\leq 1.5:1$
Polarization	Circular
3dB Beam-Width	45°
Relative Humidity	5%~95%
Impedance	50 $\Omega$

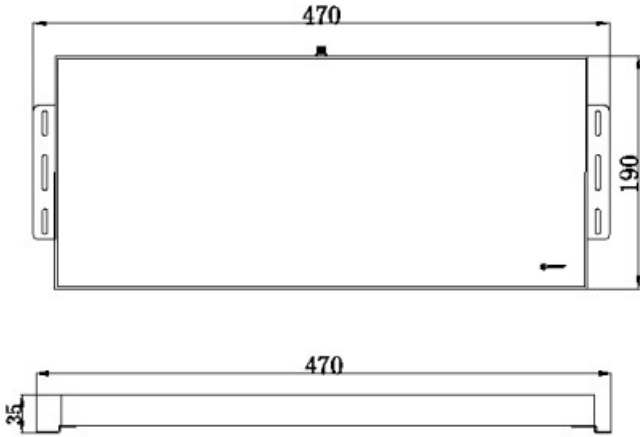

## Mechanical Specifications

Connector	SMA
Antenna Dimension	470×190×35 mm
Stire Temperature	-20°C~+ 55°C
Operating temperature	-40°C~+ 70°C
Color	White
